EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Upite on April 16, 2004.

The application has been amended as follows:

In lines 29-37 of claim 1, delete each instance of the word "about"

In line 7 of claim 32, delete "a fabric color...and mixtures thereof" and insert —the fabric color care active of claim 1—therefor

At the end of claim 32, delete the period and add the following: —; and wherein the color restoration and/or rejuvenation is characterized by the ability of said active to change the properties of a worn, faded black cotton chino twill test fabric resulting in:

(A) a percentage reflectance reduction delta R of at least 3%, preferably at least 5%, more preferably at least 8%, and even more preferably at least 10%;

(B) a Hunter L value reduction delta L of at least 0.5, preferably at least 1.0, more preferably at least 1.5; and even more preferably at least 2; and

(C) a percentage pill number reduction delta P of at least 10%, preferably at least 20%, more preferably at least 40%, and even more preferably at least 80%.—

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: Applicants have claimed a method for restoring or rejuvenating color to a fabric using a specific color care active wherein the fabric undergoes specific property changes of reflectance reduction, Hunter L value reduction, and percentage pill number reduction. The fabric color care actives of the present claims are known in the art, however, the prior art does not teach the specific color care actives of the present claims in conjunction with the specific property changes presently claimed. Accordingly, the present claims are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
